DETAILED ACTION

This Office Action is a Supplemental Action in response to applicant's Remarks filed 8/10/06 and telephone interview with applicant's representative E. Keaney on 3/28/07. Claims 1-7 are pending; claims 8-11 are withdrawn from examination due to being an unelected Group.

Election/Restrictions

Applicant's election with traverse of claims 1-7 of Group I in the reply filed on 8/10/06 is acknowledged. The traversal is on the ground(s) that Group I and II are patentably indistinguishable, and the search required for Group I overlaps the search for Group II thus not imposing a serious burden on the Examiner. This is not found persuasive because these inventions are independent or distinct for the reason that method claims 8-11 of Group II do not require a microcomputer, unlike that of apparatus claims 1-7 of Group I. There would be a serious burden on the examiner if restriction is not required because the inventions have acquired a separate status in the art in view of their different classification, restriction for examination purposes as indicated is proper.

The requirement is still deemed proper and is therefore made FINAL.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rita R. Patel whose telephone number is (571) 272-8701. The examiner can normally be reached on M-F: 8-5.
